

LAUREA (Bachelor Degree) in INFORMATICA (*Informatics*)

Degree	Laurea (First Cycle Degree) in partnership with the Middlesex University, London
Duration	3 years
Language	ITALIAN
ECTS credits	180
Campus	Camerino
Programme description	Fundamentals of computer science, mathematics and logic necessary for a basic preparation for a future designer of software systems. The course provides technical expertise and methodologies in the areas of computer networks, operating systems and software engineering required for good design and implementation of complex software systems. The course also provides the knowledge and skills to address and find solutions in the public and private sectors where the design and production of software systems is required.
Study plan	Refer to the course sheet in Italian.
Admission and Enrolment	NATIONALS and EU-CITIZENS: a.y. 2018-19 enrolment is officially open from 16 July to 5 November, 2018. After this date, in special cases enrolment is possible until January 2019 with the payment of a penalty. NON-EU CITIZENS, who reside abroad, pre-admission applications from January to April. In the period March-July students must pre-enrol at the Italian Embassy in their home country. Further information at https://international.unicam.it/full-time-students/non-eueaa-citizens .
Entry requirements	High School Diploma (with minimum 12 years education). Level of Italian Language Proficiency required and certified at level B2 of the CEFR. Students lacking this certification, are asked to pass the Language Entry Test at the University. The yearly language test is usually held beginning of September.
Comments	Lectures, tutorials, laboratories, project plans.
Tuition Fees	Exceptionally for a.y. 2018-19, it is confirmed the university tuition fees have been waived, except for regional fees 140€ and revenue stamp (marca da bollo) 16€.
