

## Notice to candidates

### Preliminary evaluation procedure

The preliminary evaluation will be conducted by the UNICAM Scientific Committee that may establish further admission requirements than [Ministerial Circular](#) ones.

Additional requirements may include:

- A final score of above 75%. Students with a lower grade can also participate in the pre-admission procedure, however this may affect the evaluation outcome;
- Relevant study path. Students who obtained (or are going to obtain) a final diploma in a different subject area can also participate in the pre-admission procedure, however this may affect the evaluation outcome;
- Age limits. In the event of a high number of applications, the Scientific Committee may settle a range on the basis of the number of applications received.

Students who already got CIMEAs (Verification+Comparability) or ARDI+CIMEA (Correspondence+Verification) certificates even if issued for another institution, or in alternative a DoV will be given preference in the evaluation. They are kindly invite to upload them during the preliminary evaluation application.

Positive outcome DOES NOT imply any kind of scholarship. Only pre-admitted students will receive further information on how to apply for regional scholarship as the University does not itself offer scholarships to first-year students.

Positive outcome of the preliminary evaluation for pre-admission DOES NOT imply any automatic enrolment. UNICAM reserves de right to reject and not to finalize the enrolment until all the mandatory documents are submitted.

The eligibility for the enrolment DOES NOT grant any automaticity in the issuance of the study visa, which is exclusive responsibility of the Italian Diplomatic Authority.

## Country based specific entry requirements for qualifications awarded by non-Italian education systems

The following list is reserved to candidates who have obtained (or are about to earn) qualifications awarded by non-Italian education systems. The list is a guiding tool and does not exempt in any way candidates from the submission of mandatory documents for pre-admission and enrolment (more information available at [international.unicam.it](http://international.unicam.it)). The absence of a country from the list doesn't mean that UNICAM won't accept students holding qualifications from that country (more information at [welcome@unicam.it](mailto:welcome@unicam.it)).

### Please mind:

- If your qualification has been obtained (or is going to be obtained) in one of the 55 countries signatories to the Lisbon Recognition Convention, please visit [ARDI](#) website. ARDI provides a comparative opinion or correspondence with Italian qualifications.
- If you hold a High School diploma [secondary education qualification] conferred on completion of 11 years of educations (or less) and you wish to apply for a BSc Degree course or a one-tier MSc Degree course, please check compensatory measures in Annex 1 of the [Ministerial Circular](#).
- About TRANSNATIONAL EDUCATION (TNE), institutions must be accredited/recognized both in the country where they are based and in the country whose education system they refer to, in compliance with the UNESCO-Council of Europe Code of Good Practice in the Provision of Transnational Education.
